*In the 1600's Apothecaries were using small copper stills to make non-alcoholic herbal remedies. This alchemy was documented in The Art of Distillation published in London in the year 1651 & is now re-purposed for the modern day. In honor of this wild & natural world, we have created non-alcoholic mocktails using the finest ingredients; farm & locally sourced flowers, herbs, honey & mixers, blended to capture nature's true spirit.*
