THE BLACKMORE FARM

Cold nights, short days, and a feeling of dormancy has come to our region, but there is still plenty to see at Blackmore Farm, The Lodge at Woodloch's very own working organic farm. Just a 5-10 minute walk from the hotel, Blackmore Farm is encompassed by the blue hiking & biking trail that makes its way through the woodlands that surround the garden and orchard.

Come see the remnants of last year's growing season while checking out the bounty of cold hardy crops currently being grown in our three high tunnels. You are welcome to visit Blackmore Farm at any time, so if exploring on your own, please step only in the walkways and always close the doors of the tunnels behind you.

HIGH TUNNEL TOUR

If you are looking for a more in depth explanation of our operation or are interested in enhancing or starting a garden of your own, join one of our farmers for a tour of our three high tunnels occurring daily at 2pm. Now is a perfect time to begin planning next year's garden. Our farmers are more than happy to answer any of your questions in the realm of agriculture including soil and composting, pests and beneficial insects, growing your very own food and medicinals, and so much more.

BASICS OF COMPOSTING

The Law of Conservation of Mass implies that matter cannot be created nor destroyed. Nowhere is that more evident than in the enlivening of organic material in compost. Join Sam, "The Dirt Doctor", as he lays the groundwork for proper decomposition so you can bring home the knowledge to turn your kitchen scraps and yard waste into Black Gold.

GROUNDING IN THE GARDEN

Join Stefani on a gentle tour through our farm's natural and cultivated space. Perceive your reflection in nature through grounding, breath work, and journaling.

When the farmers are not out in their field, you'll find them in various activities ranging from cooking demonstrations to art classes to meditative walks.
